

AJ Cafe Hobblinglish

Hobblinglish is a new word combining Hobby and English together. In the past, we have had fun classes such as cooking, belly dancing and water gardening. Let's move out of the classroom - come and join us on an excursion to Tsukiji Market. The class is conducted in English so English speakers will be welcome!

Tsukiji market is one of the popular destinations in Tokyo among foreign visitors as well as Japanese locals. We are organizing a little school excursion to Tsukiji with teachers along with a supervisor who knows Tsukiji very well. If you already know Tsukiji, you may find something new this time. If you are not familiar with the area, it would be the perfect opportunity to find out about the famous fish market district. It is a part of the Tokyo Metropolitan Central Wholesale Market where fresh & high quality products are being traded. Tsukiji is very mysterious if you are not so familiar with the area and it is close geographically but it is very unfamiliar if you don't know a lot about it. We can show you around Tsukiji. We will also show you some of the popular shops and restaurants in Tsukiji.
