Our summer school includes literacy programs such as phonics, reading and writing!

We have organized a special summer school program for elementary school students. This program is ideal for English learners who want to take advantage of the vacation time effectively to improve their English. Each day, we will use a different theme to do music & movement, arts & craft activities, cooking and science experiments, outdoor play etc. We will also have a discussion time using an encyclopedia for elementary school students. Each class has a limited number of 12 spaces. Please book early to secure your place. Non-members are also welcome!
